Premiers Reading Challenge **6 May to 6 September 2024**

Establishing a life-long love of reading is so important in the development of students' literacy skills.

At Yangebup we believe this is an area which may be holding back our student progress as reading is a part of everything we do every day. It's a sad reflection that only 50% of our senior students consider themselves readers.

Last year more than 360 000 books were read by students across our state by students which is an amazing achievement. All students in years K to 6 who would like to participate in this challenge will be provided with a bookmark. On the back they can simply list all the books they have read during the designated period, take a snap shot and email it to:

premiersreadingchallenge@education.wa.edu.au

Attendance

The school is in the process of reviewing its current attendance policy. Like regular reading, consistent attendance is a vital requirement in ensuring our students find success moving forward.

Irregular attendance results in a loss of close friendships and concept gaps. This can then lead to increased anxiety.

We want our students on deck every day, unless sick. Let's give them the best opportunity to achieve success later in life. An education is the pathway. Attendance is a community responsibility, let's work on this together!

Kindy 2025

We will be opening our enrolments for Kindy 2025 soon. If you have a child born between **1st July 2020** and **30th June 2021** can you please contact the office to commence the paperwork. If you know of a neighbour with children eligible to attend we would be grateful for you to pass the news on.
